<b>Agenda Item:</b> Guest Speaker: Pat Crosby, Ingham County Triad
<p><b>Discussion:</b> The Ingham County Triad represents a group of three: Seniors, Law Enforcement, and Community. Although called "Ingham County Triad" they work in Ingham, Eaton, and Clinton counties. One of their main goals is to promote a healthy/fulfilling quality of life for older adults. This is accomplished with several strategies, one of the most important being to promote open communication between seniors and public safety personnel. Activities that the triad engages in are: Community, safety issues, education, prevention of frauds and scams, how to spot/prevent abuse, and legal advice. At this time I have not received a copy of the presentation to attach to the minutes, it will be forwarded upon receipt.</p> <p>The group did give Pat some ideas for her presentation and has offered assistance to the Triad.</p>
<b>Action:</b> none

<b>Agenda Item:</b> Update on Older Driver Education & Safe Mobility Planning Project – Stu Lindsay
<p><b>Discussion:</b> The advisory group has met twice. UMTRI has incorporated all of the suggestions from the advisory group and will present possible educational models for a sustainable strategy at the next meeting.</p>
<b>Action:</b> next meeting is July 30, 2014 – this is an ongoing project.

<b>Agenda Item:</b> Aging Driver Guide
<p><b>Discussion:</b> The guide is going over well, of the 23,000 that have been printed only 3,000 have not been spoken for yet. The next printing will be done by OHSP, with the inclusion of contact information on how to order more of the guidebooks.</p> <p>The guide was in the MDOS newsletter and is currently on the MDOS forms/publications web page. MDOS Driver Analysts have been issued copies.</p> <p>Promotional URL: Carol needed a decision from the group on a promotional URL for the guidebook – we did a google search and found that Michigan.gov/Agingdriver should be available. That was the group's first choice. It was also suggested that a counter be put on the PDF guidebook so the group can determine how successful having it on the web is.</p> <p>Currently if you need copies you should contact Kim L.</p>
<b>Action:</b> none at this time

<b>Agenda Item:</b> Discussion of the SMWG Action Plan
--------------------------------------------------------

**Discussion:** It was determined that everyone in the group should review the action plan. Comments, current status, and accomplishments should be sent to Lisa L. to compile. These will be sent out prior to the next meeting for review and discussion at the meeting. Kim and Linda will need these prior to the next GTSAC meeting.

We will have two “worksheets” to accompany the action plan – a “Current Status” and “Accomplishments”.

**Action:** All SMWG members are to review the action plan and send comments, current status of items they (or their department) are responsible for, and report any accomplishments (example: NACEM held 5/11 – 5/14/14)
